

We are in a time of
Great Change
and
Acceleration

Conscious Evolution is the game and you are invited to play!
Let's come together in **Conscious Conversation**.

A potent **ONLINE** gathering of like-minded individuals

Many are struggling with the symptoms of awakening (and kundalini) and are looking for assistance, camaraderie, clarity, and validation.

- ~ Receive support, guidance and acknowledgement
- ~ Explore programming that hinders your evolution/awakening
- ~ Recognize the conditioned mind/world and create new pathways
- ~ Share ideas and methods to calm the symptoms while riding the waves

Inside of you is everything necessary to access the innate
Free Being that you already be and to live in unshakeable peace.

Together, let's see how we might uncover this!

Sat Aug 11, 10a ~ 11:30a PDT
